### Clark High School Science Olympiad

2017-2018 Season

Dear Sponsor,

The Clark High School Science Olympiad Program is a highly energized, dedicated group of students who compete in a range of different events across the different fields of science and technology. For the past 9 years, Clark has been the State Champion 8 times and has had the pleasure of representing Nevada all over the country. This year, we are holding a sponsorship fundraiser to help students cover the cost of the many invitational competition we will be attending. This year we are attending some pretty prestigious competitions being held at MIT in Boston, and the Golden Gate competition that is sponsored by UC Berkeley and Stanford. We are hoping for your support as we prepare to take the necessary steps toward finding success at the National Level. This year's National Event will take place in Colorado. Sponsorship of the Clark Science Olympiad Program is given on a year-to-year basis and will take the form of three standard sponsorship packages.
